Subject : Fleet GPS tracking System - Demo

Greetings from GPS and Track,

Thank you for your interest in our innovative Fleet GPS Tracker. Why pay monthly fees? Our system has unlimited tracking and all the features you want for around 1/3 of the price.

There are no hidden fees and no contracts. Our programmers are always updating our system with new features and upgrades at no extra costs.

This technology is a game changer. It shows real-time tracking, detailed history, every stop/start, engine on/off. It's like a virtual car seat that makes your business much more efficient.

FLEET TRACKING IS A GAME CHANGER FOR BUSINESSES

- BECOME MORE EFFICIENT
- INCREASE PRODUCTIVITY & LOWER COSTS
- IT'S A VIRTUAL CAR SEAT IN ALL YOUR COMPANY VEHICLES

GPS and Fleet wanted to change the way fleet GPS tracking was done. Even though we offer discounted fees our clients get unlimited service, tons of features, innovative technology, and reliability. Our customers don't need to worry about contracts, monthly fees, and upgrade fees. We bring common sense back to business.

Our pricing is simple. \$265 includes the device and 1-year of unlimited service. We offer GPS Tracking units for small businesses and individuals. Order today and get your shipment in 2-days.

Our tracking system is ideal for the small business that needs to locate their fleet in real time, mileage reports, start/stops, speed reports, and a detailed history.

By installing GPS vehicle tracking devices in every car in your fleet, you get more productivity and therefore increased work time, fewer missed job opportunities, and higher profits.
