Applicant submitted information for a zoning change of Tax Parcels 0807-141-9012-0 and 0807-141-8500-9 from zoning A1-EX Exclusive Agriculture District (Legacy) to SFR Single Family Residential District (Lot 1 of proposed CSM) with Lot 2 of proposed CSM to be rezoned to EA Exclusive Agricultural District in the newer Town zoning with the remnant property of Tax Parcels 0807-141-9012-0 and 0807-141-8500-9 to be rezoned to EA Exclusive Agricultural District. A recorded CSM will follow the rezone to solidify the boundary of the rezoned areas.

Submittals/Attachments

1. Zoning Change Application, received January 11, 2021.
2. Jurisdictional Review Form, received January 11, 2021.
3. Preliminary CSM from D'onofrio, received January 11, 2021.
4. Preliminary Zoning Map from D'onofrio, received January 11, 2021.
5. Transfer of Development Rights correspondence from Livesey Company, received January 11, 2021.

GEC reviewed the attachments and the information submitted by the applicant/agent and has the following comments outlined below:

Comprehensive Plan

The planned land use for this parcel is Agricultural & Rural Lands Preservation Area with a Soils with Building Limitations overlay district. I'll always defer to the Town on the history of a property meeting the density requirements and the Agricultural and Rural Lands Preservation Area policy in the Town's Comp Plan. It appears the property needs a Transfer of Development Right.

Town Ordinances

- 1. General**

The application does not provide the location of the proposed house on the Lot 1 nor the location of any proposed driveway. Prior to issuance of a land use permit, site plans will need to be provided to verify setback requirements from property lines, streams, etc. and to show it is not in the area of steep slopes. Wetlands or floodplains are not an issue for these lots.
- 2. Zoning**

The CSM covers two existing tax parcels and with the creation of two new parcels, remnant property from the two existing tax parcels will remain. It is recommended that Lot 2 and the remnant property be rezoned to EA, Exclusive Agricultural district in the newer ordinance.
- 3. Preliminary CSM**

The preliminary CSM appears correct and meets the Town Land Division Ordinance.
- 4. Well & Septic**

Prior to issuance of a land use permit for a new house, the applicant will need approval of a septic system from Dane County Public Health.
- 5. Driveway Permit**

Due to steep slopes on the property, the proposed driveway for a new house on Lot 1 will most likely require an engineered driveway design.

Recommendation

GEC recommends that the Plan Commission conditionally approve the proposed zoning change of Tax Parcels 0807-141-9012-0 and 0807-141-8500-9 from zoning A1-EX Exclusive Agriculture District (Legacy) to SFR Single Family Residential District (Lot 1 of proposed CSM) with Lot 2 of proposed CSM to be rezoned to EA Exclusive Agricultural District in the newer Town zoning with the remnant property of Tax Parcels 0807-141-9012-0 and 0807-141-8500-9 to be rezoned to EA Exclusive Agricultural District, contingent on the following:

1. Town Board discuss any concerns with above comments.
2. Any comments or conditions from the Towns Attorney shall be addressed.
3. The applicant shall provide a copy of the recorded certified survey map to the Clerk within ten (10) days after the certified survey map is recorded.

CRITERIA

Address each of the following criteria for granting a variance.

1. Unnecessary hardship is present because:
Our House is built within the road right of way. and the orignal front porch was on the road side of the house. We would like to put the original front porch back on the house, it was removed in the 1950's

2. Unique features of this property prevent compliance with the terms of the ordinance; they include:
The fact that almost the entire house is built within the road right of way, because the house was here long before Martinsville Rd was built.

3. A variance will not be contrary to the public interest because:
The porch will not make the house any closer to the road, it will just be closer to the road for a longer distance. the porch was originaly in a area of the house that is set back from the road.

PLANS TO ACCOMPANY APPLICATION

Applications for permits shall be accompanied by drawings of the proposed work, drawn to scale with all dimension figures, showing accurately property lines, easements and required building setbacks, the size and exact location of all proposed new construction and its relationship to other existing or proposed buildings or structures on the same lot, and other buildings or structures on adjoining property, within 15 feet of the property lines. In the case of demolition, the plot plan shall show the buildings or structures to be demolished and the buildings or structures on the same lot that are to remain.

If relevant to the variance request, the plan should also show contour lines (2-ft interval), the ordinary high water mark, floodplain and wetland boundaries, utilities, driveways and streets (include street names), and the location of filling/grading and/or erosion control measures.

CONDITIONS

The Town of Berry Zoning Ordinance authorizes the Board of Zoning Appeals to place conditions on approved variances. Please keep this in mind and supply ALL pertinent information. If the variance is granted, no construction shall begin until a building/zoning permit has been issued.

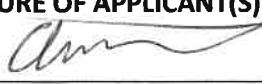

APPLICANT STATEMENT
